

Bionest, a fast-growing strategy consulting firm specialized in life sciences, is looking to hire Senior Associate Consultants located either in our Paris or New York Office.

Your role

Senior Associate Consultants are involved in the execution of strategic and operational consultancy assignments. Fully integrated into the project teams, they perform secondary research, synthesize and clearly organize information gathered, conduct ad-hoc analyses, and contribute to the elaboration of final recommendations.

Senior Associate Consultants are under the supervision of the project manager but directly manage project workstreams and business analysts/junior consultants.

Duration Permanent, *full-time contract*

Location Bionest - Paris or NYC Office

Requirements

Applicants must meet the following requirements:

- 2 years minimum of life science consulting experience
- Proven experience managing workstream and business analysts
- Mandatory Life Sciences background AND Business academic knowledge
- Motivated, self-initiating and independent
- A learning mindset with the ability to deliver high-quality outputs under time-pressured deadlines
- Strong communication skills, both written and verbal
- Proficiency in the use of Microsoft Office, particularly PowerPoint and Excel
- Excellent attention to details
- A positive attitude and the drive and desire to progress in the organization
- Entrepreneurial mindset
- Ability to work in the US (for NY-based applications) or the EU (for Paris-based applications)
