The company

Bionest is a boutique strategy consulting firm focused exclusively on life sciences. Our clients include large and specialty biotech/pharma, medical devices, diagnostics, and service-based companies. Founded in 2003, with offices in Paris and in New York, our international team now includes 40 professionals.

Bionest's expertise includes:

- Go-to-market strategy, including international market entry
- Market access and pricing strategies
- Corporate development strategy, including franchise and portfolio strategy
- Diagnostics and personalized medicine development strategy

Bionest provides a dynamic and challenging environment for consultants to progress rapidly as the company grows. The breadth of our healthcare clientele and the projects that we offer ensure exposure to both interesting projects and extensive contact with international clients. Assignments are conducted in the major European markets as well as in North America and Asia. Visit www.bionest.com
