

## Your role

---

Interns are involved in the execution of strategic and operational consultancy assignments. Fully integrated into the project teams, they perform primary and secondary research, synthesize and clearly organize information gathered, conduct ad-hoc analyses and contribute to the elaboration of final recommendations. Project environment typically requires candidates to be pro-active and effective team players, with strong analytical thinking, robust problem solving and presentation skills (oral and written).

<b>Start Date</b>	September 2022
<b>Duration</b>	6 months (e.g., gap-year or graduating internships)
<b>Location</b>	Bionest - Paris Office

## Requirements

---

Applicants must meet the following requirements:

- Mandatory Life Sciences background AND Business academic knowledge
- Fluent in English
- Strong PowerPoint, Word, and Excel skills
- Rigor, ability to summarize and remain focused
- Excellent attention to details
- Strong motivation and entrepreneurial mindset
- A positive attitude and the drive and desire to progress in the organization

## The company

---

Bionest is a boutique strategy consulting firm focused exclusively on life sciences. Our clients include large and specialty biotech / pharma, medical devices, diagnostics, and service-based companies. Founded in 2003, with offices in Paris and in New York, our international team now includes 40 professionals.

Bionest's expertise includes:

- Go-to-market strategy, including international market entry
- Market access and pricing strategies
- Corporate development strategy, including franchise and portfolio strategy
- Diagnostics and personalized medicine development strategy

Bionest provides a dynamic and challenging environment for consultants to progress rapidly as the company grows. The breadth of our healthcare clientele and the projects that we offer ensure exposure to both interesting projects and extensive contact with international clients. Assignments are conducted in the major European markets as well as in North America and Asia. Visit [www.bionest.com](http://www.bionest.com)

## Application

Only applicants able to provide a "convention de stage" agreement from their school/university in the EU and UK can be considered.
